BOOSTING FOR LOAN

(By Associated Press.) WASHINGTON, April 19.—Every reader of German language newspapers and magazines published in the United States is being urged in news, editorial and advertising columns to "buy Liberty bonds." Clipping displayed at loan headquarters indicated that German language papers are devoting proportionally more space to preaching the necessity of oversubscribing the loan as a means of defeating Germany than any other daily papers. Hungarian, Bulgarian and Turkish publications are also active in behalf of the loan.

AGAINST CONSCRIPTION

(By Associated Press.) LONDON, April 19.—Irish nationalists, Sinn Feiners, O'Brienites and laborites unanimously passed a resolution declaring their determination to resist conscription at a conference yesterday in Dublin over which the lord mayor presided. It was similar to the resolution the Irish bishops at Maynooth adopted.

PROPAGANDA TEXT BOOKS

(By Associated Press.) SACRAMENTO, April 19.—The state superintendent of public schools has ruled that boards of education in California had authority to remove pro-German propaganda from school text books.

ATTORNEY PITTMAN DELIVERS ADDRESS

TELLS HIGH SCHOOL STUDENTS ABOUT AMERICA'S POSITION IN WORLD WAR

Before the students of the Tonopah high school today F. K. Pittman delivered an address on "America's Position in the World War." He discussed the conviction of Germany for bringing about the war, the violation of the neutrality of Belgium, and the countless crimes that the Prussian military party is responsible for, he said in part.

The very first act of this military autocracy, was to violate the neutrality of Belgium. She was laid waste, her citizens, men, women and children, driven into slavery, and other crimes committed against her people, too horrible and revolting to be related here, and Prussia tried to justify her heinous crimes by saying the exigencies of the case warranted her acts.

We saw the German hordes, after destroying Belgium, rush on through France, intent upon visiting on that country the same inhuman and horrible treatment; but fortunately, for France and the world, the French were able to stem the tide, at the historic battle of the Marne.

We saw this military autocrat completely overrun Serbia, Montenegro and Rumania, committing dastardly crimes, upon these people, regardless of age or sex.

We witnessed the arch criminals, through their submarine warfare, while protesting their innocence, and heralding their culture and refinement to the world, sinking without warning vessels of every kind and character, regardless of their flag or cargoes, murdering men, women and children, and even babes in arms.

These are only a few of the many outrages committed by Prussian militarism in the face of the most urgent protest of the United States.

Today there is raging on the western front, in northeastern France, a battle compared with which all other battles in history, including the big battles of this war, were mere skirmishes. But let us not deceive ourselves. The great question confronting us today, is can we hold out against this German offensive, and if so, for how long?

We are told that the average French soldier has been wounded twelve times, so where is this man power to come from, to whom are the British and French to look for relief? The United States of America.

Let me review a few of the things we have accomplished since entering the war. We have increased our army from a little over 200,000 to 1,500,000 men; raised for war purposes, \$23,000,000,000; put into effect a most comprehensive and far-reaching income tax law, placing the burden of the war on those most able to pay; constructed the most perfect airplane motor in use; made the most powerful machine gun in the world; we are turning out 125,000,000 rounds of ammunition per month, more than either France or England.

Besides this, we are manufacturing for war purposes motor trucks, automobiles, motorcycles, traction engines and cargo trailers.

We now have on the French front over 500,000 troops, and intend to transport at least 85,000 soldiers per month.

It is our duty to furnish men, ammunition and foodstuffs to defeat the enemy, and we will not be found wanting; but we must remember it is no small undertaking.

Those of us who remain at home, should keep uppermost in our minds the great necessity of winning this war; we must be prepared for any sacrifice, no matter how great it may be; we must give every drop of blood of our manhood, and every dollar of our wealth, rather than see the fall of this great democracy for which our fathers fought and died.

SEND MARINES TO FRONT

(By Associated Press.) WASHINGTON, April 19.—The house naval affairs committee has agreed upon an amendment to the naval appropriation bill today authorizing an increase in the marine corps to 75,000 and directing the major-general of marines to accompany the marines to the European front.

TAKE BOSCH PLANTS

(By Associated Press.) WASHINGTON, April 19.—The government has taken over the Bosch Magneto company's plants in Massachusetts and New Jersey, it was announced today. An investigation showed these to be entirely owned by the enemy.

GOLD MOUNTAIN NOW BUSY PORTION OF THE TONOPAH MINING DISTRICT

It is hardly realized, even at home, that the Gold Mountain section of the Tonopah district is developing into a mining region of tremendous activity and splendid outlook. The wonderful find made in the Tonopah Divide property has stimulated research for precious metals in all directions. There are a number of hoists already erected and more will be installed within a few days.

The Tonopah Divide has one of the best showings of any slightly developed property in the United States—and that is taking in considerable territory. The 265 level is showing up much better than the 165. The vein is over forty feet in width and is all commercial in silver and gold values alone, to say nothing of the molybdenite. George Wingfield and the Brougher brothers, the principal owners of the property, are now here and are closely supervising operations. A drift is being run on the 265 level to pick up the gold ledge that was found in the lease workings. Surveys have been made for a spur track to transport the ore to mill.

The Brougher Divide Mining company is putting down a double compartment shaft, which is now down forty-five feet. The gallowa frame was raised today. A twenty-five-horse power engine and a two-drill compressor are already in place awaiting the completion of the frame and all the machinery is ready to put into action for the resumption of sinking the shaft.

The Tonopah Dividend shaft is already down thirty-five feet. A hoist has been installed and the work of deepening will now be carried on rapidly. This property is situated northwest of the Brougher Divide.

NYE COUNTY BOYS OFF FOR THE FRONT

CONSCRIPTS ASSIGNED TO LEAVE ON APRIL 26 FOR TRAINING CAMPS

The following Nye county boys of class A of the selective draft will be entrained at Tonopah April 26: Frank Kallie, Tonopah; Jesse Clark, Pahump; William E. Paik, Oakland, Calif.; Evan G. Davis, Las Vegas, Nev.; Remy Vandyck, Omaha, Neb.; John Edmond Lydon, Tonopah; August Lazzarini, Tonopah; Jim Jago, Tonopah; Theo. W. Jones, Tonopah; Charles W. Martin, Miami, Ariz.; Tomo Rotanovich, Tonopah; Milos Mijatovich, Wyoming; Thos. V. Hackett, San Luis Obispo, Cal.

ACCEPT ONE JUROR

(By Associated Press.) CHICAGO, April 19.—Only one venireman had been accepted tentatively by both sides for jury service in the trial of more than 100 members of the I. W. W., on charges of violation of the espionage law, when Federal Judge Landis adjourned court yesterday.

The prosecution had several unexpected opportunities to question veniremen when prospective jurors whom they had tendered to the defense were excused for cause and now veniremen were called to fill their places.

WORLD MARKET QUESTION

(By Associated Press.) CINCINNATI, April 19.—According to the report of the committee of exports control, submitted to the national foreign trades council here yesterday the restoration of peace is bound to be followed by a renewed struggle for the markets of the world which "to judge from the way the nations are preparing, will surpass the commerce competition of the epoch that ended in 1914 as the present war surpasses that of 1871."

PROBE PRAEGER LYNCHING

(By Associated Press.) EDWARDSVILLE, Ill., April 19.—State's Attorney J. P. Struber, who is conducting the grand jury investigation here into the lynching of Robert Paul Praeger April 15, said last night that information would be given the jury implicating several other men besides the five men now held. The probe started yesterday afternoon and four of the twelve witnesses summoned testified.

GERMAN RAIDER INTERNED

(By Associated Press.) HONOLULU, April 19.—Naval authorities announced today that fifty-eight of the crew of the German raider Zeadler, which plied the Pacific until wrecked, have been interned in Chile.

APPOINT SECRETARY

(By Associated Press.) WASHINGTON, April 19.—Appointment of Frederick E. Keppel, dean of Columbia University, to be assistant secretary of war, was confirmed yesterday by the senate.

The Divide Extension has its shaft down forty feet and the compressor was started today. Within a day or two three shafts will be at work.

Reimbering of the shaft of the Gold Wedge Divide Mining company has started. This bore is now down forty-eight feet. It will be made two compartment. It is being sunk on the vein, which is twelve feet in width. There is about 500 tons of low milling grade on the dump. Charles Kiehofer, one of the owners, is in charge of the operations.

Tonopah Gold Reef Mining company is erecting buildings and installing heavier equipment. The shaft is down 100 feet. A new bore will be started on the line of the main fissure of the district.

George A. Kernick, principal owner of the Hasbrouck, who arrived in camp this morning, states that the main working tunnel is now in 950 feet and that it will be driven from 100 to 150 feet further in order to pick up the brecciated rhyolite formation in which the big Divide ledge occurs. The first ledge, from which a number of profitable shipments were made, was found in silicified rhyolite. The engine and compressor are now being installed and machine drilling will soon be in order.

The Gold Zone has its engine installed, gallowa frame erected, compressor in place and several buildings erected and others in course of construction. The shaft is 300 feet deep. It is being re timbered. When these preliminaries are completed, crosscutting will be undertaken toward the ore-bearing dyke.

There are now fifty-five men on the payroll in the Gold Mountain portion of the Tonopah district and, as soon as preliminaries are completed, there will be at least 100 men regularly employed.

CHILDREN WORKING HARD FOR THE BOND

STANDING INDICATES CLOSE CONTEST WITH JESSE WADE WORTH LEADING

The contestants in the race for the \$50 Liberty bond to be given away by Jules Smith of the Butler Theater, are working very hard now that the end is close. Their standing today is as follows: Jessie Wadsworth, 2169; Florence Ryan, 2050; Claire LeBrandt, 1287.

SWIMMING TANK NOT OPEN

The swimming tank built by public subscription by the generous hearted people of Tonopah and elsewhere, will not be thrown open during the cold weather. In fact repairs are being made to the concrete floor, and the work is now being tested as to its durability. This afternoon a crowd of unruly boys entered the building and would have indulged in a bath had they not been ordered away. No children will be allowed in the pool water without an instructor in the building. When the pool is ready to be opened to the public our announcement will be made in the columns of the Bonanza.

FRENCH TAKE WOOD

(By Associated Press.) PARIS, April 19.—French forces in the region of Amiens have captured a portion of the Senecat wood and made advances against the Germans on several sectors, according to the official communications issued by the war office last night.

The text of the communication follows: "We attacked various enemy positions on the Aves on a front of four kilometers between Thennesse and Mailly-Raineval. "East of the Aves we have made progress and west of it we have taken the greater part of the Senecat woods and carried our line to the outskirts of Castel. Further south we reached the slopes west of the heights dominating the Aves."

TESTIFIES ABOUT LUSITANIA

(By Associated Press.) NEW YORK, April 19.—Open air ports on the lower decks of the Lusitania were largely responsible for the ultimate loss of the ship after she had been hit by a German torpedo, in the opinion of Frederick J. Gauntlett, one of the surviving passengers who testified yesterday in the proceedings brought by the Cunard Steamship company to be relieved of liability in connection with damage suits amounting to \$5,000,000.

CONFER ON WOOL PRICES

(By Associated Press.) WASHINGTON, April 19.—Representatives of the National Wool Growers association are here today to confer with the price committee of the war industries boards.

WHOLESALE AUTO THEFTS

(By Associated Press.) BERKELEY, April 19.—George Reuf, a Camp Lewis deserter, police said today, had confessed to having stolen seventy-six automobiles.

PERSONAL

CHARLES M. LEE was a departure this morning for San Francisco. MISS ELVA TOGNONI arrived this morning from Duckwater.

BEN D. LUCE was a departure for Reno on this morning's train.

MRS. G. NIEHAUS left this morning to visit friends at Saginaw, Michigan.

WM. FORMAN, the lawyer, was called to Reno this morning on law business.

SAM NEWHOUSE, the Utah mining magnate, was an arrival on this morning's train.

SENATOR WILS BROUGHER came in from Carson City this morning on mining and banking business.

WM. C. RALSTON, a broker of Reno, was an arrival on this morning's train.

A. I. D'ARCY, who is managing a number of Wingfield properties, is spending a few days in this city.

R. E. CONNOLLY, publicity manager for the San Francisco Stock Exchange, arrived this morning.

GEORGE K. ELDER, expert accountant, who had several days' business in Tonopah, returned to Reno this morning.

GEORGE KERNICK, principal owner of the Hasbrouck mine at Gold Mountain, was an arrival from the coast this morning.

R. L. COLBURN, a broker of San Francisco, is here looking at mining properties, particularly in the Gold Mountain section of the Tonopah district.

VICTOR BARNIT of the Railroad Valley company, arrived this morning from Washington, where he has been engaged for many months on the Seales lake case.

MISS ROMA LINDSAY of San Francisco, who had been completing her musical education in San Francisco, arrived this morning and continued on to the pine tree camp.

ALEX. M. BOYLE left for Reno this morning after inspecting a mining property in Smoky valley in which he, the Seale estate, Jerome Higgins, Senator Boyd and R. B. Govan are interested.

J. C. PECK, station agent for the Tonopah & Goldfield railroad, left this morning with his little daughter for Reno where the latter will be treated by a specialist for an affection of the eye.

MINING MAGNATE HERE

Sam Newhouse, one of the most prominent and wealthiest mining men of Utah, was an arrival this morning from Salt Lake City. He left later in the day for Tybo to look at the properties of the Louisiana Consolidated Mining company.

He was accompanied by Walter Trent, president, and Dr. W. L. Desmar, secretary and treasurer of the company.

ESPIONAGE BILL UP

(By Associated Press.) WASHINGTON, April 19.—Hearings on the bill of Chairman Chamberlain of the senate committee to make any acts of espionage subject to trial by military court martial instead of before civil tribunals, will be resumed by the committee today.

PRINCE ALBERT, AVIATOR

(By Associated Press.) LONDON, April 19.—Prince Albert recently made his first flight in an aircraft in the course of his duties at a naval air station to which he is attached.

LOAN CLIMBS SLOWLY

(By Associated Press.) WASHINGTON, April 19.—Loan subscriptions reached 1,161,510,050 today.

AMUSEMENTS

MONTAGU LOVE AND DOROTHY KELLY AT BUTLER

The sort of a picture that is looked at, talked about because of its interest, its splendid acting, its fascinating settings and its real charm, is "The Awakening," which will be shown at the Butler this evening with handsome Montagu Love and beautiful Dorothy Kelly as the co-stars. The story is laid in the Bohemian artists' colony in Paris before the great war broke up that colony. The principal characters are Jacques Revilly, a mighty gifted but slovenly artist, who is so disreputable that he has been dubbed "The Beast;" Marguerite, an orphan; Vane, Jacques' only friend and Horace Chapron, a fast-living, dissolute member of the colony. The story is exceedingly interesting and very unusual. It possesses in very large quantities that most desirable quality of charm which makes a picture long remembered as the most delightful source of entertainment. It is fascinating and unusual, and true to life as it was in Bohemia before the artists scattered to the battlefields and the Red Cross hospitals. Dorothy Kelly has not been seen by a Tonopah audience in some time, and her return is looked forward to with much interest by all movie fans.

In addition to the feature, Doris Kenyon will appear in "The Hidden Hand," which is becoming more and more thrilling with each number. Don't miss the "stunts" in this episode. The winner of the Liberty Bond contest, which has been running through the present drive, will be announced and the bond presented to the one holding the highest number of votes.

Tomorrow the popular screen star, Harold Lockwood, and a two-reel Mack Sennett comedy. Thrift stamps given to children holding the lucky numbers at the matinee.

DONATE MONEY TO THE RED CROSS

MANHATTAN AUXILIARY SENDS PROCEEDS FROM DANCE TO LOCAL ORGANIZATION

The treasury of the Nye county Red Cross chapter has been enlarged during the last few days by a donation of \$70.35 from the Manhattan auxiliary, the result of a recent dance, and a check for \$50 from W. F. Mendes, a prominent rancher of the Duckwater district.
